Once a ball is dropped it is out of play, there are 4 balls in total. Point: links in with the next bit so just talk about being blind- how it's hard to do even simple things. Then speak about how Jesus had an interaction with a blind man that shows us why we need him!

Jesus heals a man born blind

John 9

Leader: Ben or Bernie

Read or tell the story of Jesus healing the man born blind. From this passage we come to learn a bit about Jesus- who he is and why he came and why we need him. We learn he is From God (because he can heal) we learn that Jesus helps the blind see both physically through healing the blind man and spiritually he helps us come to know God and have a relationship with him.

3 mins

One more important things we learn from this story is that Jesus understood that people's physical and spiritual health is more than just rules and religion- he heals on the Sabbath because people are more important than rules.

New Life Youth- Glenn or Josh

Leader: Glenn

Jesus knew that life isn't all about rules and religion- more important than that is relationship. A relationship with God and Jesus makes that possible for us. It's why he came and died on the cross to take the punishment for our sin. Link in how having a relationship with God is best done together in his family- the church! Then talk about youth group and why Jesus matters to you.

<p>A Nooma DVD that speaks on being in relationship with God. It equates life to being like playing music. Everyone's playing but the aim should be too play in tune. How do we play in tune? Do life with God. Be in relationship with God and that allows us to play in tune. Link this with John 10:10- " I have come that they may have life in abundance" (ESV)</p>	<p>5 mins</p>
